DEVOTED TO THE INTERESTS OF GARLAND AND THE GREAT BEAR RIVER VALLEY

Vol. 1. No. 34.

Campaign Opens Tuesday Morning.

800 Tons Coming In Daily.

Beets in Excellent Condition. Japs Doing Better Work Both in Topping and Cleaning the Beets Than Ever Before.

Tuesday morning The Utah Sugar Co's factory in this city began the big campaign and has been running smoothly every day this week at a record-breaking speed.

The factory's big smoke stacks are sending forth clouds of black smoke, the city is being filled with pulp, the beet sheds are receiving the beets from the farmers' wagons and by the train load, bustle and bustle is evidenced all around the factory and "busy all the time" is the condition of things at the Sugar factory. The store house that was filled to overflowing last year, is now empty and ready to receive the season's big harvest.

The farmers and Japs are digging and topping beets in the fields at a "get up and get there" gait.

The capacity run was nearly reached the first day, 540 tons of beets being cut. At the rate of 800 tons per day the beets are being stacked up in the beet sheds and are coming in in better condition than ever before. The Japs are doing excellent work both in topping and cleaning the beets. The company is on the lookout for dirt and keeping close watch of the beets, and the farmers are likewise exercising due caution to furnish the company the beets as clean as they possibly can.

Everything is going very smoothly and, notwithstanding the company is a little short of help, hands are coming in daily to help push the work along.

All the employees, except the regular hands, who remain with the company as long as they need them, are to receive a bonus of 5% of the wages earned, added to their accounts.

The prospects are that the factory will continue to run without interference at above 800 ton daily capacity.

FACTORY NOTES.

Miss Agnes Austin, daughter of Gen. Agricultural Supt. George Austin, has accepted a position as stenographer and typewriter at The Utah Sugar Co's office. Miss Austin was, for a number of years, employed in the office of the Idaho Sugar Co. at Idaho Falls, and comes highly recommended. The Sugar Company has, therefore, doubtless secured a stenographer of efficiency and experience.

George Austin, Agric. Superintendent of The Utah Sugar Co., is spending considerable time in Garland these days superintending the work of harvesting the beet crop. Mr. Austin reports the work progressing nicely.

Supt. T. H. Edwards made a business trip to Salt Lake and Lehi the fore part of the week.

Geo. Henrie "looped the loop" Wednesday morning at the factory's beet sheds. He was assisting in unloading a car of beets when the train pulled up a notch and he slipped through the bottom of the car. Fortunately he went down between two ties to the bottom of the shed or he would have been instantly killed. His watch was broken in the fall.

Meat Market Opens.

The meat market, formerly owned by A R Smith & Co, has been purchased by Owens & Co. and opened up for business Tuesday morning with a good supply of meats, green groceries and vegetables on hand.

Mr. Owens will have the management of the business and an expert butcher from Salt Lake will arrive in a few days to superintend the cutting of meats. August Jeppson of Brigham has been engaged by the firm until the new butcher arrives.

The building and surroundings have been thoroughly cleaned and painted and a first-class stock of goods will be kept constantly on hand for the old and new patrons. The new firm promises to conduct the business in a manner that will give entire satisfaction to the community generally. Success to them.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this ointment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Ritter Bros. Drug Co.
